# **David A. Taylor Sr. Excellence in EMS Award**

## **Rules for Submitting Nominations**

- 1. INTENT:** The David A. Taylor Sr. Excellence in EMS Award is designed to recognize individuals who have **significantly contributed to** local, state and national provision, development and/or improvement of the EMS industry in Arkansas. **Nominees must be an EMS professional that presently holds a current Arkansas EMS license or be a retired EMS professional who held an active EMS license prior to retiring.** This award should reflect both past and present contributions. The nomination packet is designed to present a “wide picture” of the nominee’s experience and involvement in EMS and their contributions that they have made to help improve EMS in Arkansas. Not all nominees will have experience or contributions in every category. This will not necessarily have a negative impact on their ability to receive the award. The nomination packet is simply being used to gather enough information so that each nomination can be objectively rated.
- 2. SIZE:** To allow for ease of evaluation of the packets, all nominations must be completed using the Official AEMTA Nomination face sheet information page. Supplemental information such as support letters or copies of newspaper articles maybe submitted on **8 1/2" by 11" paper** and attached to the rear of the nomination packet or on **CD ROM in Microsoft Word format.** Nominations are **not to exceed twenty pages in length (Paper) / forty pages (CD);** however, if printed may be printed on both sides of the page. **All nominations if on paper must be enclosed in a report cover, securely fastened along the left margin. Or if on CD must be in individual protected covers marked “Air Medical Nomination”.**
- 3. FORMAT:** All nominations **must include the AEMTA face sheet.** Typewritten or computer printed nominations are expected but not absolutely required. Photographs and newspaper articles, etc. may be affixed to the document to further emphasize local, state or national involvement of the candidate. Audiovisual materials, such as videotapes, movies or slides, will not be accepted.
- 4. COPIES:** The **original and five copies** of each nominee's award nomination packet must be submitted. **Nominations containing less than the required number will not be accepted.**
- 5. DEADLINE:** The deadline for entries is **July 20, 2018.** Entries postmarked after this date will not be accepted.
- 6. JUDGING:** Mrs. Judy Taylor and the past recipients of the David A. Taylor Sr. Excellence in EMS Award will objectively score the submitted nominations and make the decision. Each nominee has the right to have one representative attend the judging process. However, they will not be allowed to have input on the judges’ decision.

Unsuccessful nominations previously submitted must be completely updated before being resubmitted. Care must be taken to assure that letters of support refer to the award for which the person is being nominated (David A. Taylor Sr. Excellence in EMS Award).

Persons preparing nominations are advised that, although not strictly required, supporting documentation and a complete application are vital requirements for a successful nomination. Submitting only the face sheet or a single page document in support of a nomination rarely results in a favorable outcome.
- 7. INFORMATION TO INCLUDE:** This can include recommendations, support letters, awards, volunteer service, pictures, EMS contributions, etc. Any information sent directly to the AEMTA address instead of being included in the nomination packet will not be considered or returned. The packet must be complete upon receipt at the designated receiving address listed on the face sheet.
- 8. MAILING INSTRUCTIONS/QUESTIONS:** Please mail the completed packet to the address printed on the face sheet. If you have any questions, please contact Cathee Reed at (501) 247-3921 or [arflightnurse@sbcglobal.net](mailto:arflightnurse@sbcglobal.net).
